

Name _____

Explorer / Trading Company Twitter Profile 15 Points

Explorer / Company Name: _____

Assignment:

Imagine that Twitter had been invented in 1400 and create a twitter feed for your person / company using the parameters below. You do not have to actually create a twitter page, just write out what would be on the page. Paperclip this sheet to your final product. You lose 3 points if you staple them.

Parameters:

- A) Basic profile information, including name, location, and goals
- B) Five tweets, maximum 140 characters each, must be relevant to the person's voyage or the company's business.
- C) No hashtags required, but I'll give you points if it's really clever
